**ABSTRACT**

This report is a photographic study of this ground force installation and provides the following data:

- A. Delineation of installation - boundaries
- B. Identification of functional areas
- C. Measurements of all buildings within the installation

The following alphabetical designators are used to identify functional areas within military installations.

- A. Billeting area
- B. Vehicle storage/maintenance area
- C. General storage area
- D. Ammunition storage area
- E. Miscellaneous areas (hospitals, prisons, POL, personnel training facilities)
- F. Small-arms range
- G. Driver-training area
- H. Support area
- J. Tank/assault-gun range
- K. Automatic weapons range
- L. Subcaliber range
- M. APC range
- N. Combined-arms range
- P. Artillery defense site
- Q. Infantry training area
- R. Special or unidentified area

NOTE: 1. The absence of one or more alphabetical designators indicates that those functional areas were not observed at that particular installation.

- 2. Lower case letters (e.g., Ba) are used to identify more than one area of a particular functional category.

This report is published as an interim Basic Imagery Interpretation Report with the concurrence of the Defense Intelligence Agency.
